

Your IT makes a lasting impression...

Don't settle for
overpromises and
underwhelming
technology. Get the
proven IT solutions
you deserve.

VISTA SOLUTIONS
Uncompromised IT.

It's an anytime, anywhere world –

full of bold promises and unmet expectations. So when it comes to your IT, you need to achieve big goals with business-class technology that's tailored to your needs, without spending a fortune.

At Vista Solutions, we're honestly trying to change how IT solutions are delivered and implemented. No more cookie-cutter answers or predetermined agendas. Instead, we get started by understanding your unique situation, and then develop solutions that are exactly what you need to meet your customers' demands. With an average of 20 years of IT experience, your experienced professionals can design technology solutions that are perfectly appropriate to overcome your challenges.

Solutions you can trust :: Our experienced team incorporates only best-in-class, customer-appropriate technology in our solution designs. Because every business faces different challenges, we never approach IT with a one-size-fits-all mentality. That's why, before we make a single recommendation or installation, we get to know your critical business needs and objectives. Then we deliver the hardware, software, and services that are right for your business – and your budget.

Your source for optimized IT infrastructures :: As a full-service IT solutions provider, we provide computers and other IT hardware, software, and services. Our team leverages extensive experience across IT consulting, implementation, and support services that help you improve performance, protect your data, and receive a greater return on your IT investments.

A partner, not just a technology vendor :: We are invested in solving your challenges – and helping you achieve long-term success. This approach has earned us the loyalty of our customers and the reputation for honest,

long-term, one-on-one relationships. Best of all, you gain the freedom to focus on mission-critical activities – not unnecessary distractions.

You'll receive access to expertise across a variety of vendors and services, including:

- >> Business continuity and back-up consulting
- >> Infrastructure design and deployment planning
- >> Security assessments and infrastructure analysis
- >> Wide Area Network (WAN) security and performance
- >> Network performance evaluation, simulation, and consulting
- >> File serving transitions
- >> Storage hardware and software configuration
- >> Blade and server-based solutions
- >> Healthcare IT solutions that satisfy accessibility, security, and HIPAA requirements

Putting your best interests first :: Let us help you find the answers for assured IT. Contact us today to schedule an initial assessment of your business and IT needs.

Uncompromised :: Satisfaction

IT starts by choosing the right partner. We specialize in full-service IT solutions that won't let you down.
